Market Analysis with CIMA

Our customised reports are tailored specifically to your requirements and brief. We use our extensive market knowledge and the latest industry updates to provide analysis that is both current and insightful.

Whether you are interested in the probiotics landscape in the US, the regulatory situation in the EU or a global view of the latest trends in naturals, we can provide broad analysis and work with you to spot emerging opportunities and potential for future growth.

A unique focus on Competitive Intelligence

Competitive Intelligence is vital to better understand competitors' strengths and weaknesses. The team monitors competitive portfolios, new product development, advertising strategies, while keeping a close watch on emerging trends – all in an effort to assist in the identification of future opportunities and ultimately enhance your own strategic decision-making.

Over 40 Years of Experience

Our capabilities, drawing on 40+ years of experience in the consumer healthcare industry, allow us to make robust conclusions and provide a comprehensive view of the competitive landscape and its implications for you. This enables us to provide your in-house teams with broad and objective insight across the consumer healthcare industry.
